

## STILL WATERS RUN DEEP

*i know a place that's quiet and cool  
a place to go to think and ponder  
it's not so far away - just yonder*

*the grass is green  
the trees are high  
and there's a dark deep magic pool  
look long enough  
it's very old  
and you may see a glint of gold*

*some friends are so  
they're hard to know  
but when they speak  
they give you gold  
enough to make you laugh or weep  
still waters run deep*

## ONE DOLLAR RING

*back in the days of endless summer  
when his hair was as long as mine  
we were rich without money  
the only thing we had was time*

*he made me laugh like no one else  
and always knew what to do  
whatever life would bring us  
together we'd make it through*

*he asked: do you wanna marry me?  
in the arms of the setting sun  
in the days of endless summer  
we became one*

*we found this golden painted piece of plastic in a  
one dollar store  
he put it on my finger and i promised  
i'd take it off nevermore  
take it off nevermore*

*to everyone else it would have been  
a worthless one dollar thing  
but for me it really was the most  
beautiful wedding ring*

*we got a place to live  
where we felt  
safe and sound  
he took care of making money  
he's what I built my world around*

*i don't know when it started  
the more we had the less we enjoyed  
and all the things he bought us  
could not fill the void*

*we became  
like we never wanted to be  
caught in each other's lives  
we became routine  
i never thought this could happen  
it just came my way  
with all my memories of those  
endless summer days*

*we became  
like we never wanted to be  
caught in each other's lives  
we became routine  
i never thought this could happen  
it just came my way  
with all my memories of those  
endless summer days*

*we became  
like we never wanted to be  
caught in each other's lives  
we became routine  
i never thought this could happen  
it just came my way  
with all my memories of those  
endless summer days*

*somehow what i had to do  
was really no big thing  
i just hid my once beautiful  
but worthless one dollar ring*

## PERFECT PICTURE POSTCARD DAY

*i owe you  
one heartfelt perfect picture postcard day  
but today  
my soul has gone astray  
and all your beauty is in vain  
how i long for rain*

*it's not your fault  
don't get me wrong  
i'll make it up to you  
it won't take long  
until we're of one mind again  
but right now your beauty feeds my pain*

*i really want you  
to be around  
but soon or late  
this was bound  
bound to happen anyway  
no one can be happy everyday*

*i owe you  
one heartfelt perfect picture postcard day  
but today  
my soul has gone astray  
and all your beauty is in vain  
how i long for rain  
how i long for rain*

## FAVORITE SIN

*i wish i could recall the future  
get rid of the past  
forget about you  
and me at last*

*i wish it were as easy  
as it is to hit a single key  
to delete those files  
from my memory*

*i remember julie harris

our favorite movie  
our favorite scene  
i remember white waters  
i remember the wind

our very last dance  
to our favorite song

## ÉTERNITÉ

*chut – ne dis rien maintenant  
laisse-nous être tout simplement  
dans cet instant  
jusqu'à ce que le soleil se couche  
chut – ne pense à rien  
dans la lumière dorée  
toi et moi seulement  
laisse moi entendre chanter ton cœur  
chut - ne sais-tu pas  
que ce qui se passe maintenant  
est infini  
enlacé dans le cours du temps  
ce moment devient l'éternité*

## LOVESONG

*you're the kiss of spring in a year of november  
you're the color in my world of black and white  
you're the happy ending in my movie show  
you're the pot of gold at the end of the rainbow*

*you're the dream that makes me smile  
while i'm asleep  
you're the promise, the promise that i keep  
you keep me warm on a cold and cloudy day  
you're the song that never ever fades away*

*ain't that a lovesong  
the way it should be  
some beautiful words  
and an unforgettable  
melody*

*you're the one who's walking with me hand in hand  
through the days i never ever want to end  
you're like the smile of a child, innocent and true  
blue is just a color because of you*

*ain't that a lovesong  
the way it should be  
some beautiful words  
and unforgettable*

*ain't that a lovesong  
the way it should be  
some beautiful words  
and an unforgettable  
melody*

*ain't that a lovesong  
the way it should be  
some beautiful words  
and an unforgettable melody  
and i wrote it down  
i wrote it just to see  
if i could find somebody  
who would sing this song for me*

## FAR AWAY FROM BEING CLOSE

*another day draws to an end  
slowly fades and falls apart  
this is where i find myself  
still in your life  
but am i still in your heart?*

*i hear you breathing evenly  
as you're lying next to me  
after all these years  
in synchronicity  
are you lying next to me?  
you are so far  
away*

*i know you are awake  
as i lie and find no sleep  
like the only thing that's left  
is silence  
and a promise we may not keep  
you are so far  
away  
from being close to me*

*another night comes to an end  
and in the light of dawn  
you and i are lying still  
separated  
we move on*

## THREE MINUTE SONG

*like adam for eve  
you're the one for me  
i would steal for you  
from the forbidden tree*

*like penelope  
this heart of mine is true  
i will wait for you*

*they wouldn't write no verses  
about you and me  
wouldn't name their kids after us, probably  
but baby what we have will last  
a lifetime long  
not just for another stupid three minute song*

*don't you worry tristan  
everything will be alright  
i'll come back in a ship  
and the sails will be white*

*like johnny and june  
i've got a lotta crazy love for you  
i'll be there and listen  
whenever you play me the blues*

*like cleopatra  
i'll pass this test of love  
despite all the threats  
great love goes over and above*

*they wouldn't write no verses  
about you and me  
wouldn't name their kids after us, probably  
but baby what we have will last  
a lifetime long  
not just for another stupid three minute song*

*some famous lovers split  
some of them died of a broken heart  
some seemed cursed to marry  
and some just fell apart  
even if the legend of their love  
forever will remain  
bonnie parker might have lived a happy life  
if she only had married her high-school flame*

*but baby what we have will last  
a lifetime long  
not just for another stupid three minute song*

*the beauty and the beast  
barbie and ken  
marge and homer  
lois lane and superman  
john and pocahontas  
tarzan and jane*

*bella and edward  
robin and marian  
monk and trudie  
scarlett and rhett  
seth and summer  
romeo and juliet  
daisy and chris  
paul and eva  
richard and judy  
christoph and veronika  
mary and jack  
me and you  
and our parents  
and their parents, too  
there is one thing  
we know for sure  
even we are just some troubadours  
let this be our last encore  
true love will always be  
worth waiting for ...*

## WINTER

*may the road be covered white  
with the first november snow  
and may the winter freeze my footprints  
at least for a while*

*and when my tracks  
once melt away  
dry those tears  
of yesterday*

*let me cross your mind  
every now and then  
and know i'm fine  
i'm home again*
