

## CRYSTAL BALL

*i  
i see  
i see you  
i see you go  
away*

*i  
i see  
i see myself  
i see myself go  
away*

*i  
i see  
you and me  
go – separate ways*

## HEAR THE SILENCE

*night sounds like silence  
silence sounds like blue  
blue sounds like  
my favorite tune*

*those days sounded easy  
easy sounded great  
but every sound travels  
into silence and fades*

*hear the silence  
hear the blue  
hear my all-time favorite tune  
hear my sorrow  
hear my pain  
do i hear your footsteps  
coming back again*

*it's not all about anger  
it's not all about hate  
it's about all the things  
that i did not say*

*those days sounded easy  
those days sounded sweet  
we sounded everlasting  
until i could hear*

*hear the silence  
hear the blue  
hear my all-time favorite tune  
hear my sorrow  
hear my pain*

*do i hear your footsteps  
coming back again*

*hear the silence  
hear the blue  
hear my all-time favorite tune  
maybe all that i can do  
is sit and wait for  
the sound of something new*

## THE BLACKBIRD'S SONG

*it's been a while  
since i've heard the blackbird's song  
it's been a while  
since i've seen it flying high against the sun  
i've been asleep so many days  
so many nights i searched the sky  
for that bird to lead me home  
(but) now the stars are out of sight*

*hey, is there anybody listening  
is anyone there – i'm in despair*

*it's been a while  
since the blackbird's flown away  
it's been a while  
i used to see it every day  
i've been too many nights awake  
too many days i missed the nights  
when we cried at the moon  
now the moon is out of sight*

*hey, is there anybody listening  
is anyone there  
is there anybody at all  
does anyone care  
i'm in despair  
my world's in disrepair  
does anyone care*

*hey, is there anybody listening  
is anyone there  
is there anybody at all  
does anyone care  
i'm in despair  
my world's in disrepair  
does anyone care*

*my word's in disrepair  
does anyone care*

and in won't cry*

*i'll walk on  
yes i'll walk on  
life goes on  
so i'll walk on*

*i'll be strong  
yes i'll be strong  
life goes on  
and i'll be strong*

*i won't cry  
no i won't cry  
life goes on  
and i won't cry*

*life goes on  
yes life goes on  
on & on  
and on & on*

## SYMPHONY UNWRITTEN

*would you write a symphony  
that you knew  
no one would listen to*

*would you walk outside the door  
if you knew  
the rain would pour on you*

*this is what i would do  
this is what i would do*

*would you paint a masterpiece  
that you knew  
no one would ever see*

*would you hold on and believe  
if you knew  
that love's a mystery*

*this is what i would do  
this i'd do for you*

*would you let me go away  
if you knew  
the rain would pour on me*

*this is what i would never do  
cause i still love you*

*this is what i'd never do  
cause i still love you*

## FADING SUN

*the colors of the polaroid  
taken on our wedding day  
they are fading, fading away  
into black  
into white  
into all the things*

*all the things i've never said  
all the things i've never done  
all the things i've never had  
fading sun*

*every song that I play  
on my black and whites  
every song is just fading away  
out of mind  
out of sight  
into all the things*

*all the things i've never said  
all the things i've never done  
all the things i've never had  
fading sun*

*all the things i've never said  
all the things i've never done  
all the things i've never had  
every time i did you wrong  
all the tunes i've never played  
all the songs i've never sung  
fading sun*

*all the tunes i've never played  
all the songs i've never sung  
fading sun*

## BELONG

*you belong  
you belong  
where you are  
near or far  
you belong to*

*you belong  
you belong  
where you'll be  
can't you see  
you belong  
to me*

*you belong  
you belong  
any place  
any space  
you belong  
to me*

## RAIN RAIN GO AWAY

*you will be my disaster if i stay  
you will be my disaster if i go away  
the sun goes down faster and faster  
what's wrong with me  
the last thing i want to do is  
to leave you today*

*rain rain go  
go away  
come again  
some other day*

*you will be my disaster if i stay*

*you will be my disaster if i go away  
but all the colors of our love  
they have turned to grey  
the last thing i do for us is  
to leave you today*

*rain rain go  
go away  
come again  
some other day*

## RIVER

*why should i keep  
why should i keep  
my door  
wide open to see  
that the river  
can't find the sea*

*why should i dream  
of ev'rything that  
might have been  
about what  
you mean to me  
when the river still  
can't find the sea*

*why should i keep  
my eyes on you  
try to believe  
that someday  
we're ready to see  
that the river  
finds the sea*
